practical and ergonomic

Dispenser systems and disposal boxes

PicBox[®] + COMPACT + Medi-Müll

The practical and ergonomic dispenser systems and disposal boxes

PicBox® series

The tried and tested dispensers with the first-in / first-out system and dust protection according to DIN 58953. Suitable for syringes, canulas, dressing material or other small items.

COMPACT series

Elegant dispensers for syringes, canulas or dressing material with ergonomic inclined planes and hygienic acrylic glass fronts. The uniform dimensions of the COMPACT elements means they can be combined optimally to create large wall collections.

The dispenser series can be mounted on the wall, positioned in cupboards or used in combination with HAEBERLE cart systems.

Medi-Müll disposal boxes

for the safe, injury-free disposal of used canulas, ampoules, scalpels etc. Made of yellow polypropylene with green lid, secure end cap and practical ways to dispose.

PicBox® + COMPACT + Medi-Müll

The system features

- PicBox® series with grey-white plastic casing and transparent dispensing boxes with removal opening.
- Ergonomically designed divisions and practical compartments with inclined planes.
- First-in / first-out system. The boxes are filled from above and the material is taken from below.
- Further suitable products from the COMPACT series, such as wall console, wall mounted desk, form cupboard.
- COMPACT dispensers elegant and white with hygienic acrylic glass fronts.
- Disposal boxes in various sizes.
