Linen and waste collectors

Picco Novo

Picco Novo

The practical collectors for many applications.

Stable, versatile, hygienic and practical - whether they are used to collect linen or separate recycling and waste

Practical collectors for many applications. Whether the linen or waste collectors, shelved trolleys or service carts for doctors' practices, clinics, nursing homes, hotels and offices – the Picco Novo generation is presentable.

Depending on the quantities you require, choose the single model of 60 liters or up to four collectors, respectively the space-saving large capacity model of 120 liters with its practical design.

Picco Novo is easily accessible from three sides; even bulging bags can be removed with no problems. The plastic bags protect the frame from dirt and keep it hygienically clean at all times.

With a height of 820 mm, the Picco Novo collectors also fit perfectly under work surfaces.

Picco Novo

In our diverse collector range we have the stationery or mobile model and the small, wall-mountable waste collectors which can also be mounted on HAEBERLE cart systems.

The system parts

- Extra stable, securely soldered steel frame with spring struts for a secure hold.
- Elegant design made of steel, white aluminium, RAL 9006 powder coated.
- Otherwise for surgery rooms, made of rust-resistant stainless steel.
- Sliding security by sliding-stop rings.
- All movable models have black double swivel castors (Ø 50 mm) with integrated thread guards.
- Electrically conductive castors (Ø 50 mm) available on request.
- Extremely hygienic base design with no corners where dirt can accumulate.
- If required, with plastic lid and pedal device of stainless steel.

Customised is our standard

For maximum mobility in the workplace

Since 1933, our company has been employing smart ideas and applying practical solutions to develop countless innovative product lines in the area of equipment and multipurpose carts. These have been marketed worldwide with great success.

With our products and solutions, we guarantee maximum mobility, flexibility and reliability in the workplace. This means everyone can focus fully and completely on their own work.

We consistently implement the basic modular idea to develop practical solutions. The wide variety of standard components makes each individual cart an individually tailored customer solution – whether it's for a doctor's practice, small volume production or large quantities for equipment manufacturers. Even if you need to have it tailored just for you – HAEBERLE will make this possible.

**HAEBERLE
HAS IT**

**HAEBERLE
MAKES IT**

HAEBERLE HAS IT – a modular basic system for your multifunctional carts. And if you need something extra? No problem, remember HAEBERLE MAKES IT – exactly the customised solution you require.
