Hygiene has never
looked this good

The timeless hygiene unit from HAEBERLE: attractive, sleek, robust.

Yes, hygiene can be this beautiful: The high-quality hygiene unit from HAEBERLE distinguishes itself with its sleek, unobtrusive design. It blends perfectly into its surroundings, even in small spaces. With its robust base, it can be used flexibly and is extremely stable. Thanks to sensor-controlled operation (optional) for contact-free disinfection, it makes a significant contribution to optimum hygiene results.

Find out about the hygiene unit in detail now! All the information you need is available from your specialist dealer!
